Proposed by: Department of California

Rationale: A member who is subject to suspension or membership revocation is eligible to transfer membership to another unit per the National Standing Rules. The addition of this proposed amendment would not allow an expelled member to join another unit without approval of the unit that issued the discipline, as prescribed by the rules of The American Legion.

RESOLUTION NO. R13

SUBJECT: Resolution asking the American Legion to change eligibility requirements for the American Legion Auxiliary

Submitted by: American Legion Auxiliary Department of Arizona

WHEREAS; The mission of the American Legion Auxiliary is to support The American Legion and to honor the sacrifice of those that serve by enhancing the lives of our veterans, active-duty military and their families; and

WHEREAS; The American Legion National Constitution establishes eligibility for membership in the American Legion Auxiliary in Article XIII, Section 2; and

WHEREAS; The American Legion Auxiliary Constitution, Article III, Eligibility, Section 1, states that eligibility for membership in the American Legion Auxiliary is determined by The American Legion; and

WHEREAS; The American Legion and the American Legion Auxiliary has historically evolved its membership eligibility to reflect the full diversity of military families, including the change of "wife" to "spouse" adopted at the 2019 National Convention; and

WHEREAS; There are not only members of veteran and active-duty military families, but also members of Gold Star families that have no eligibility in the American Legion Family; and

WHEREAS; These family members want to work the mission of the American Legion Auxiliary in honor of their loved one who has served, currently serving, or gave the ultimate sacrifice; and

WHEREAS; The Internal Revenue Code Section 501(c)19, auxiliaries affiliated with veterans organizations may include members who are spouses or relatives within two degrees of consanguinity of eligible veterans; and

WHEREAS; The American Legion has the constitutional authority to define and amend eligibility for membership in the American Legion Auxiliary; now, be it

RESOLVED; The American Legion Auxiliary National Convention delegates assembled in Louisville, Kentucky August 28th through September 3rd, 2026, humbly requests that the American Legion amend Article **XIII**, Section 2 of the American Legion National Constitution to expand membership in the American Legion Auxiliary; and be it further

RESOLVED; That The American Legion changes grandmothers, mothers, sisters, spouses, and direct and adopted female descendants of members of the American Legion to now read grandparents, parents, siblings, spouses and direct and adopted female descendants of members of The American Legion; and be it further

RESOLVED; that this action will ensure that the American Legion Auxiliary continues their mission to support our veterans and active-duty military and their families.

Rationale: The 2019 change in language from wife to spouse has been positive for the ALA. However, being three generations removed since the last military draft, we now have grandfathers, fathers, and brothers with no eligibility to join The American Legion Family. A unit President in Arizona had to tell a Gold Star Father, that wanted to join and work the ALA mission in honor of his son, who gave the last full measure of devotion, that he could not join the ALA because we didn't accept fathers. We speak of inclusion, yet we do not practice it.

Even though some will argue that the ALA does not accept stepchildren or great grandchildren, that IS NOT AN American Legion or American Legion Auxiliary rule, it is an Internal Revenue Service directive for Veteran Service Organizations non-profit status.

Resolved, The American Legion Auxiliary National Convention delegates assembled in Louisville, Kentucky, August 28 to September 3, 2026 request that The American Legion change is governing documents to allow membership in the American Legion Auxiliary for all currently non-eligible fathers, grandfathers, and brothers, related to The American Legion eligible member, within two degrees of consanguinity: and be it finally

Resolved, Should The American Legion change its governing documents to allow membership in the American Legion Auxiliary for all currently non-eligible fathers, grandfathers, and brothers related to a The American Legion member, the American Legion Auxiliary shall immediately allow into American Legion Auxiliary membership fathers, grandfathers, and brothers related to The American Legion eligible member within two degrees of consanguinity.

Rationale: The 2019 change to the American Legion Auxiliary's Constitution to be inclusive and diversify our organization, providing eligibility to the spouses of veterans has proven to be a positive decision. It has however, left a portion of the family & descendants of the veterans who would like eligibility to support their Veterans ineligible due to gender, for any of our American Legion Family organizations (i.e., a Veteran's father, brother, or grandfather). While the mother, grandmother, and sister of a Veteran have eligibility with the American Legion Auxiliary, these male relatives remain ineligible for any American Legion organization. Changing the American Legion Auxiliary's Constitution to allow for the inclusion of these male relatives would grow our membership and strengthen our organization to support our Veterans for the future.

Creating a inclusive and diverse environment to execute our mission is significant to increasing our membership. Following the IRS regulations and expanding the eligibility of our membership eliminates previously identified barriers that will make our organization better and stronger to ultimately enhance our support for our veterans, the military, and their families.
